Practice Indicator Reports

For March 2012

Initial Assessment - Use of Substitute Care

Data in the report (both historical and current) may be subject to change as it is continually being validated and updated. This may result in statistical data in previous reports to be inconsistent with statistics found in more recent reports even when the data pertain to the same time period.

**Published
April 2012**

DCS Practice Indicator Report

Initial Assessment - Use of Substitute Care

For March 2012

Report Description

This report uses data collected over a rolling three month period ending with the current report month. The graphs and numbers for historical months also use a rolling three month period ending with the historical month listed.

Reports Taken – This section has data regarding the reports taken during the three month period ending with the report month.

Count – This is the total number of reports of abuse or neglect that are entered into ICWIS during the period ending with the report month.

Percent Resulting in Screen Outs – This is the percentage of reports that are screened out divided by the total reports taken during the period ending with the report month.

Assessments Substantiated – This section has data regarding the number of assessments with substantiated findings of abuse and/or neglect during the three month period ending with the report month.

Count – This is the total number of assessments with substantiated findings of abuse and/or neglect during the period ending with the report month.

Percent Resulting in Removal – This is the percentage of substantiated assessments during the period that resulted in removal of the child from the home by the end of the report month divided by the total number of substantiated assessments during the period ending with the report month.
